TURKEY APPEALS TO GERMANY TO STOP MASSACRE

Close Approach of Winter Adds to Balkan Horrors.

(By United Press)

Constantinople, Nov. 18.—The Turkish government today officially informed Germany, which is looking after Turkey's diplomatic interests at the capitals of the Balkan states during the war, that the Servians and Greeks are committing the most frightful atrocities. Albanian prisoners of war and non-combatants alike are being murdered wholesale, it was charged.

BULGARIANS CHECKED.

(By United Press)

Vienna, Nov. 18.—Turkey's claim that the Bulgarians have at last suffered a severe check in their advance on Constantinople was regarded here today as corroborated in several convincing ways.

More to the point than any other single thing was the stiffening of the Ottoman diplomatic representatives at the various European capitals in their attitude concerning peace terms. Hitherto, since the succession of Turkish defeats between Mustapha Pasha and Chatalja, the Sultan has fairly clamored for intervention by the powers. Today while it was still admitted that he expects to make heavy concessions to secure a cessation of hostilities, it was intimated that he does not feel there is need of such desperate haste about it.

Sofia, too, which has been very prompt in the past in reporting every Bulgarian victory, was profoundly silent concerning the latest developments before Constantinople. Finally, the story that the Turks repulsed the Bulgarian attempt Saturday to batter down the last line of the Turkish capital's defenses stated not alone on Turkish authority but also on that of disinterested foreigners in the city. Assuming that it to be true that Czar Ferdinand's forces have been effectually stopped. It was agreed here that allies will have to modify their demands and make peace with the Turks in short order.

Greece has not completely exhausted its resources but Bulgaria Servia and Montenegro have sent every available fighting man to the front. They cannot reinforce the armies they have already in the field. Winter is now rapidly closing in throughout the Balkans. The Bulgarian force before Constantinople must either advance or fall back. It will be impossible for it to remain many more days encamped in the open.

Should it be compelled to retreat and await spring for a resumption of the campaign, the Turks will be given ample time to re-organize their shattered European forces, strengthen them enormously from Asia and resume warfare when the weather again makes fighting possible.

CHOLERA MAY END IT.

It is argued that the allies will be henceforward anxious to bring the struggle to a close as speedily as possible. Nor was it deemed likely that the Turks, for all of their reported temporary success, would be backward with accepting any reasonable offer. The cholera epidemic behind the Chatalja lines has reached such proportions that, according to the testimony of foreign physicians in Constantinople, the safety of all Turks is threatened.

Twelve thousand Turkish soldiers were reported today, in a special to the Frankfort Gazette, to have died of the disease in the past week. The wildest fancy cannot picture the scenes along the defense line, the Gazette's correspondent asserted. Soldiers fall dead with guns in their hands. The railroad is lined with their corpses. Dogs wouldn't be so brutally treated in a civilied country. Dying men are kicked from the trains with a ruthlessness absolutely inhuman.

Three thousand stricken men, brought into San Stefano in box cars were left without medical attention or even food for twenty-four hours, begging piteously for only a few canteens of water.

In several instances, according to the Gazette's representative, the Bulgarians have been surprised at the cessation of resistance by the defenders of entrenchments where they have previously had hard fighting and taken them, to find them filled with dead and dying Turks—cholera victims.

5,000 DYING DAILY.

Constantsa, Roumania, Nov. 18.—The rate of increase in the number of cholera cases among the Turkish troops has reached 5,000 daily, according to information from Constantinople today.

ATTACK RESUMED.

St. Petersburg, Nov. 18.—That the Bulgarians have resumed their attack on Constantinople's defenses but that the Turks are more than holding their own, was stated in an official dispatch to the Ottoman ambassador here today. The Turks won a complete victory yesterday, the message added.

Convicted Solons Must Serve Pen Sentences

(By United Press)

Columbus, O., Nov. 18.—Another [illegible] of indicted lawmakers and others involved in the legislative bribery scandal faded when news was received from Cleveland that the Circuit Court of Cuyahoga County, sitting as the Franklin County Circuit, unanimously affirmed the decisions and judgments of the Franklin County Common Pleas Court in the cases of Senators Isaac E. Huffman, of Butler County, and Senator Laforrest R. Jones, of Lawrence County, who were convicted last spring of having accepted bribes of $200 each for what they supposed to be a vote, but who turned out to be Detective Frank H. Smiley.

The decisions mean, it is said, that Huffman must serve a sentence of three years and Andrews of nine months in the Ohio Penitentiary.

News of the decisions came from Judge Louis H. Winch, who directed the placing of the following entry:

"Judgment affirmed. No penalty. Plaintiff in error excepts."

TO SUPREME COURT.

(By United Press)

Columbus, Nov. 18.—Attorneys for Senators L. R. Andrews, of Lawrence county and Isaac E. Huffman, of Butler county, whose penitentiary sentences for bribery were upheld by circuit court today were preparing to carry their fight to supreme court.

Attorney General Hogan today said he doubted if Supreme court would consent to review the cases." It devided precisely the same points in the Diegel case, and I am sure it will not consent to have its docket clogged with material it has once reviewed, he said.

MURDER OF A LITTLE BOY IS STILL MYSTERY

Mother of Joseph Josephs May Not Survive Shock

POLICE HAVE LITTLE HOPE OF EVER LOCATING THE HUMAN FIEND.

WRITES POSTAL SAYING HE WILL SOON APPEAR

AND WILL TELL WHY HE KILLED CHILD AND HID THE BODY.

(By United Press)

Buffalo, Nov. 18.—Every business house and the schools in the little steel town of Lackawanna, a suburb, were closed between 2 and 10:30 today. During that period the funeral services of little Joseph Josephs, child victim of the most mysterious maniac murder Buffalo has ever had to deal with, were held in St. Charles church. Four schoolmates of the dead boy acted as pall bearers and the church was not big enough to accommodate all who would attend.

The grief-stricken mother was not there. She has collapsed under the strain of the many weary months waiting, hoping against hope that the child she loved so well had been kidnapped and that he would yet be restored to her. Then came the revelation that he was dead and that he had been cruelly torturned before merciful unconsciousness put an end to his sufferings.

The realization was too much for the mother already weakened by the months of torture of mind and today the doctors in attendance fear she will die. Dr. W. M. Ross, after visiting the stricken woman today, said that she was being kept quiet with bromides but that he feared she would not survive the ordeal. An enormous crowd besieged the home of the Josephs' before the funeral hoping to be permitted to view the body. But all were kept away because of the illness of the mother and only a very few close relatives were permitted to enter the house for the brief funeral services there that proceded the formal church services.

The police have very little hope of capturing the murderer unless he should keep his word and surrender. The tinge of remorse that runs through all the postal cards received by the police leads to the hope that the man may yet surrender and confess.

"Like Banquo's ghost my crimes will not down," he wrote in one of the last communications received and then said that he would give himself up on Wednesday. Police Chief Gibson, of Lackawanna, who is in direct charge of the investigation said today that there is one man, a wealthy resident of Buffalo, who will be questioned in the case. He said that he had not asked for a warrant because the evidence available was very intangible but that he personally intended to force the individual to account for all of his movements during the month of October 1911, the time when the little Joseph's boy was slain.

Expert criminologists at work on the case say that they believe the murder is about middle-aged, an apparent egotist who is very foppish in his dress and there is little doubt from postal cards that he is highly educated. He has confessed in his writings to either three or four murders, according to the interpretation put upon the various cards, and to twelve attempts, all following assaults on children. There has been one other murder in Buffalo which parallelled this one, but in that case the victim was a girl, six year old Marian Murphy, who was decoyed from her home, West avenue and Hudson street nearly eleven years ago. She was taken to Delaware Park attacked and then choked to death as was the Josephs boy. The fiend was never caught and the police today believe there may have been a connection between the two murders.

GOTHAM POLICE ACTIVE.

New York, Nov. 18.—Stirred by the written confession of the "postal card" murderer who cruelly destroyed little seven year old Joseph Josephs at Lackawanna, a Buffalo suburb, that he also killed Michael Ricac Kruk, 11, in Central Park, in December, 1902, the New York police today re-opened investigation of the deaths of a number of children that have never been explained. Detectives were ordered by commissioner Dougherty to get out the old dust covered records and see if there was a connection between the murderer at large, with his stories of crime wirtten on postal cards and these older cases.

BOSTON POLICE ON CASE.

(By United Press)

Boston, Nov. 18.—Police Inspectors Conway and Hart, with more than a score of the best men in the Boston department, were searching every nook and corner of the city today for clues in the hunt for the murderer of little Joseph Josephs. They have the letter written in the Tremont hotel last week and mailed to Buffalo telling of the murder and also two postal cards which were mailed from this city telling of the crime.

The police are also trying to trace the movements of the man arrested under suspicion in Rochester and who claims to have been a resident of this city. It is believed by Inspector Conway that he has a number of valuable clews and that if the man is still in this city his arrest is certain.

ALLENS MUST DIE FRIDAY

(By United Press)

Richmond, Va., Nov. 18.—Virginia's supreme court today refused a new trial to Floyd Allen and his son, Claude Swanson Allen, condemned to die on Friday for their part in the murders in Judge Massie's court room at Hillsville last march.

Preparations were immediately made by friends of the doomed men to appeal to Governor Mann for a commutation of their sentences. The Governor has already gone over the records in the case, anticipating such a plea for clemency, and it is expected that he will give his decision at once. The Allen's friends admit that the prospect of his staying the electrocution is meagre.

GREAT SINGER'S VOICE IS GONE

MME. CALVE'S TIFF WITH NEW HUSBAND MAY BE RESPONSIBLE.

(By United Press)

St. Louis, Mo., Nov. 18.—Physicians hurried about the hotel where Mme. Calve is staying today, and following at their heels was M. Gasparri, husband of the singer and her manager. They fear the noted prima donna will not be able to sing for months and are anxious for the physician's verdict. Mme. Calve was scheduled to sing in Madison, Wis., tonight, but it is certain this engagement will be cancelled and the trip may even be abandoned unless the singer's throat is in better shape.

Mme. Calve is suffering from a severe congestion of the lrynx brought on her manager says by a combination of Chicago smoke and a severe cold. A third cause is reported, to the effect that Mme. Calve had her first tiff with her husband Saturday and that violent weeping aggravated the condition of her throat. The husband refused to discuss this report Today she could hardly speak above a whisper. Her engagement to sing "Carmen" at a local theatre last night was cancelled.

TRIAL FOR HER MURDER ON

COUNTESS ROSA SZABO.

For whose murder on Greenwood Lake, New York, Burton W. Gibson was placed on trial Monday.

Trial Of Gibson For Murder of Countess is Started at Goshen N.Y.

(By United Press)

Goshen, N. Y. Nov. 18.—One hundred and fifty talesmen, the majority of them Orange county farmers, thronged the little county court house here today when Justice Arthur S. Tompkins called the October term of the Supreme court. From among them will be selected 12 men to decide whether Burton W. Gibson, lawyer of mystery, strangled Rosa M. Szabo to death in a rowboat on Greenwood Lake last July, or she was drowned when the boat was accidently upset

It seemed certain that the jury would be completed today.

The prosecution was represented by District Attorney Thomas C. Rogers, of Orange county, assisted by Isidore Wasservogel and Deacon Murphy, attaches of the New York district attorney's office, especially detailed to aid in the prosecution. The defense was in charge of Robert Elder, of Brooklyn, formerly district attorney of Kings county, and he was aided materially by the wife of the accused.

The state expects to make a great deal of capital out of the admission that Gibson is unable to produce the woman who posed as the mother of Mrs. Szabo, and to whom he alleges he paid over $7,100 missing from the estate. According to Jacob J. Singer, counsel for the defense, this woman has absolutely disappeared and their detectives have been unable to find her. Singer said today, however, that they would easily establish her identity. To offset this evidence, however, the state plans to produce the brother and other relatives of the dead woman who will tell of the death of Mrs. Szabo's mother in Austria.

THESE CRIMES CHARGED TO BURTON W. GIBSON.

Mysterious deaths that have followed the legal career of Lawyer Burton W. Gibson, who was put on trial today for murder of the Countess Rosa Menschik Szabo, who was drowned in Greenwod Lake while boating with Gibson.

1. After a violent quarrel with Gibson over property deeded to him by her mother, who was hopelessly insane, Mrs. Alice Kinnan, of the Bronx, N. Y. C. was found dead on the steps of her home on June 8, 1906.

2. Michael Shippo, only witness of the Gibson-Kinnan quarrel was found dead in Pelham Creek on December 15, 1909, following the arrest of the lawyer for Mrs. Kinnan's death. Gibson was later released on a writ of habeas corpus.

3. George Ide Malcolm, who as a cousin of Mrs. Kinnan and a nephew of the insane woman, who is alleged to have deeded her property to Gibson, sued the lawyer for an accounting of the estate, was found dead in Long Island Sound on the 10th of October 1910.

4. John Rice O'Neil, possessor of $10,000 and a client of Gibson mysteriously disappeared on May 16, 1911, after visiting Gibson's office and leaving $800 00 with the lawyer. He has not been heard of since.

5. The Countess Rosa Menschik drowned in Greenwood Lake, Orange County, N. Y., while boating with Gibson on July 17, 1912.

ANGRY MINER BEHEADS SISTER WITH AN AXE

(By United Press)

Rawlins, Wyo., Nov. 18.—Upbraided by his mother for abusing his sister, Mrs. Frank Ryder, who tearfully sought refuge in her mother's arms, Melvin Davis, 21, miner, seized a rifle, fired at the cringing woman, chased her into the yard of the Davis home and then beheaded her with an axe. Davis was captured later by a posse. He is in jail here today.

The death of Mrs. Ryder leaves motherless six children two of whom witnessed her slaying. One of the little girls ran into the yard and pleaded pitifully for the life of her mother.

"Oh, Uncle Mel, don't kill mamma. She did not hurt you."

But the axe descended upon the up-turned head of the terror-stricken mother and she crumbled into a heap, her head falling upon her breast, hanging by a thread of flesh. The little daughter fell to the ground grasping her mother's head and trying to replace it.

The little girl remained at the side of her mother, pleading for her to speak until the coroner took charge of the body.

FARLEY MURDER CASE ON

Crowd Gathers to Hear Accused Girl Give Testimony

MANY WOMEN CARRY THEIR LUNCH TO EAT IN COURT ROOM.

DEFENSE PRESENTING ITS SIDE OF CASE

ATTEMPT MADE TO SHOW ZOLLINGER WAS NOT THE GIRL'S BETRAYER.

(By United Press)

Columbus, O., Nov. 18.—It was a tremendous crowd, mad and burning with curiosity that thronged the corridors of the Franklin county court house today about the room where Cecelia Farley is being tried for the murder of Alvin E. Zollinger.

Women arrived at 6 o'clock, bringing their lunches, and when doors opened there was a rush for seats. The expectancy that Miss Farley would take the stand caused the increase in the numbers of spectators.

Every seat in the room was taken and not a square inch of space was unoccupied

The defense, through a dozen witnesses, threw side lights on the jealousy of Zollinger for the defendant.

A telegram was identified which it is claimed Zollinger sent to Miss Farley while she was on a visit to Pittsburg, signing her employer's name and ordering her to return at once.

Witnesses told how Zollinger hounded the girl waylaying her on her path from work, pleading and then commanding that she cease receiving attentions from Jerome Quigley.

It was learned today that Prosecutor Turner will attempt to prove that Cecelia Farley was not untarnished when she met Zollinger.

THE MOTHER'S STORY.

(By United Press)

Columbus, O., Nov. 18.—"My daughter is a victim of the dual moral code in which man is always free to do as he pleases and the woman is always the sufferer," said Mrs. James Farley, mother of Cecelia Farley, who is on trial in criminal court for the murder of Alvin Zollinger.

"Cecelia met Alvin Zollinger in a socially regular way and he paid frequent attentions to her when she was too young to question his motives. How can a a girl of 16 read the motives of a man 12 years her senior?

"It was two years before my child discovered that Zollinger was married and then he had so completely won her love that she could not withdraw it. Later, he so intimidated her that she feared to cast him aside.

Zollinger drew my daughter into the irregularities of his own irregular life. He was a married man but held no regard for the marriage ties.

"The public blames my daughter for the trouble she is in and does not stop to point the finger of shame at the man who caused her to make her first false step on the downward path. This is a man's world."

The play which resulted in the tying of the score Saturday through Pumpelly's wonderful booting was called for by Frank Loftus, third substitute, after he had been in the game just two minutes. Loftus and Pumpelly worked together all last fall as quarterback and tackle for the freshman eleven. Yale's fortunes turned from the time Loftus entered the game and some of the coaches think that he is the man to run the leven next Saturday.

Harvard and Badgers to Meet in '13

Madison, Wis., Nov. 18.—That the agitation here for a big intersectional football game between the champions of the east and west will result in such a game next year, was the opinion of football men here today. Marion Team After Game With Locals

Marion, O., Nov. 16. 1912.
Sporting Editor. Lima News,
Lima, Ohio.

Dear Sir:—

Kindly run the following notice in your paper for a couple of issues:

"We challenge the Lima (city) Football Team or any other football team in Lima for a game at Lima, either on Sunday, November 24th, or on Thanksgiving Day." Address, John McAndrew, Mgr., Marion Fotball Team, care Knights Cigar Store, Marion, Ohio., and oblige.

Yours respectfully,
The Marion Football Team.
By John McAndrew. Mgr.

There have been some thrifty ball players and there are many today. Pretzel Getzein, of the old Detroits, was wont to start on a long trip away from hime with no valuables except a bone collar button and a deceptive drop ball. If he did not win $1.37 at pinochle before the team got back to Detroit he was heart broken

Among the modern crop of ball players, Joseph John McGinnity, former president, manager and general poohbah of the Newark club, looks after the pennies. As a return for his services Joseph got $10,000 a year.

It is the custom of the clubs to pay the living expenses of players previous to the official opening of the season. Last spring the Newarks returned from their training trip and the club paid the board bills of the players, most of whom lived in other cities.

But McGinnity made his home in Newark and lived there with his family. Thrifty McGinity turned in a bill for $19 for board and lodging from the time he arrived in Newark to the opening of the International League season on April 18. To say that Treasurer Solomon "hit the ceiling" is a mild descriptive phrase.

But McGinnity got the $19 in addition to his $10,000.

Broncho Busting Negro's Latest Hobby--Is Hurt

Chicago, Ill., Nov. 18.—Jack Johnson is a prisoner again, not in the county jail this time, but in his own apartment on South Wabash avenue. A physician is his jailer. A sprained ankle is the cause of his imprisonment.

The negro pugilist sustained his injury in Jackson party yesterday, while attempting to "break" a broncho which he had had shipped to him from Texas. The broncho fell with him, pinning his right foot under its body and wrenching his ankle badly. It will be three or four days before he can walk.

Harry Wolverton, former manager of the Yankees, was in New York recently and spread the report that Connie Mack would succeed him at the head of the New York team. Just where Wolverton got this information is not known, but there is not apt to be any truth in the story, though such a move would undoubtedly be of great benefit to the American league. It is reported that Mack has just come into possession of half of the stock of the Philadelphia club. It is not likely that with his interests in Philadelphia he would consider any sort of proposition, from the New York club to manage that team. It is estimated that Mack's holding in the Philadelphia club are worth nearly $250,000, much too large an investment to warrant his accepting a position elsewhere and allowing a salaried individual to look after his interests in Philadelpha.

George Sisler, an amateur pitcher of Akron, has gone all the way from a class C league club to the National league without ever pitching a professional ball game.

Sisler has for three years been a strikeout wonder in Akron. Two years ago he signed up with Akron but refused to play. He pitched such good ball for an amateur team that Columbus bought his release from Akron. He again refused to report and last season struck out so many batters that Pittsburg bought him of Columbus. He has promised to report to Pittsburg next spring.

New York, Nov. 18.—Realizing that as the result of his miserable showing against Tony Ross in Philadelphia Friday night the stock of his "Champion" Al Palzer has dropped far below par, manager Tom O'Rourke said today that he would match him against a second rater a week until he fights himself back into condition. O'Rourke claims Palzer held Ross too cheaply and that, anyhow, the worst decision he could have got against the New Castle Italian, was a draw. He expects to match Al with Jim Stewart and Sandy Ferguson.

Cambridge, Mass., Nov. 18.—The Harvard players came through their hard contest with the Dartmouth in very good shape. The wear and tear of the conflict weakened Captain Wendell, but a day or two of rest will fix him up. Harry Gardner, the quarterback, turned his ankle Saturday, but he will be in shape for the Yale conflict. Brickley was in town today and feeling like a "thoroughbred," as he termed it.

The Frisco scribes who were at the Milwaukee meeting sent stories back to their papers that Ping Bodie would likely be back with the Seals next year

Barry McCormick, who will manage the Peoria team next year, will have a good chance to make good, for the officers of the club are enthusiastic about him.

George Texter, who caught for the Canton team last season is wintering in Lima. He says they don't play as fast ball in the Central league as they do in the Ohio State circuit. He ought to know, for he caught for Lima about three seasons ago. He wants to come back to this league, and he will make a good man for some team. He is a splendid catcher and he can hit well. He is tolerably fast and he has a good head and knows how to use it. There will not be very many try to steal on him for he will turn eight out of every ten back that try it.

Harry Lloyd says he is done with the game. He had a bad year in 1911, but he was the star of the league when he played with Lima the year before. He fell down last season and that disgusted him. It is a long time till next season, and he may change his mind and be found on the diamond somewhere. If he can only get started he will make some team a good man, for he can play most any position, and he hits pretty well. He gets around fine, and he is well liked by the players.—Eddie Donaldson, Portsmouth Blade.

AWAY WITH CATARRH A FILTHY DISEASE

A SAFE OLD-FASHIONED REMEDY QUICKLY RELIEVES ALL DISTRESSING SYMPTOMS.

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sores in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends by constantly hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm This healing, antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you and a 50 cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it from your druggist today. Agent, H. F. Vortkamp.

THE FIRST GRAY HAIR SIGN OF AGE

EASY WAY TO PRESERVE NATURAL COLOR OF THE HAIR HAIR AND MAKE IT GROW

A harmless remedy, made from common garden sage, quickly restores gray hair. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous, and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural cloor and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as a Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

WILLIE HEARST TO BE CALLED AS A WITNESS

(By United Press)

Washington, Nov. 18.—William Randolph Hearst, the publisher, will be one of the first witnesses called before the Clapp committee of the Senate when it resumes its investigation of campaign contributions early next month, it was learned today.

Standard Oil political gifts and congressional activities will be the line of Hearst's examination. He will be asked for unpublished letters between Standard Oil officials and congressmen. How the Hearst publication obtained alleged published letters from the private files of John D. Archbold addressed to Senator Penrose and former representatives Sibley, of Pennsylvania, and Grosvenor of Ohio, will be another line of the examination. When Archbold was a witness before the Clapp body he demanded that Heart testify declaring some of his letters had been stolen and some forged. The committee then promised to summon Hearst, who was in Europe. He is expected to return soon.

ROBERT BESELER IS CLAIMED BY DEATH

VETERAN EMPLOYE OF THE C. H. & D. ROAD RESPONDS TO SUMMONS.

Robert Beseler, a veteran employe in the repair yards at the shops of the Cincinnati, Hamilton & Dayton railroad shops, died Sunday morning at 11:30 o'clock in the Lima hospital, his death resulting from an ailment of long duration, for relief from which he had underwent an operation in the hospital.

Deceased was born April 1, 1859, and had been a resident of this city for many years. He had been ill during all of the past summer and had frequently been unable to attend to his duties at the railroad shops. He resided at 609 Fairview avenue, to which place the remains have been taken and where his death is survived by a faithful wife.

Arrangements for the funeral services have not yet been announced by the members of the family in charge.

THIS WOMAN IS AFTER HUSBAND

(By United Press)

Chicago, Nov. 18.—Who is Miss Z. X. Radcliffe Ali Elgin wants to know, including Postmaster H. D. Hemmens.

He has 3,111 proposals of marriage for her from men in all parts of America. The letters containing the proposals are reaching Elgin at the rate of 300 a day, and are interferring with the office routine.

The suitors undoubtedly are looking for word from Miss Radcliffe with a great deal of interest for to each of them she offered not only her hand but $30,000.

The cause of the flurry is a letter made public by Miss Radcliffe in which she wrote:

"If I do not get a husband by 1913, I will lose a fortune of $30,000 and a large estate. I do not care if the man is a hod carrier or a bricklayer, so long as he is well mannered and kind."

GIRL OF 10 A BLUSHING BRIDE

(By United Press)

Thibodeaux, La., Nov. 18.—Agnes Callahan, ten, was married Sunday and quit the third reader class in the public school here.

Her husband is Paul Dietz, twenty-three. The girl wore short dresses during the ceremony, but immediately afterward announced that she would have her gowns lengthened as she was a "married woman now."

The priest who performed the ceremony was opposed, at first, on account of the age of the prospective bride, but because the parents of both of the contracting parties insisted that the wedding should take place, he finally yielded.

Dietz's present to his bride was a huge doll that would open and close its eyes. Nearly all the wedding presents were toys, but the bride declared that she would not play with dolls any more. The wedding was the result of a courtship begun when the bride was almost a baby.

PRESIDENT-ELECT IS NOW IN BERMUDAS

FRANCHISE OF STOGIE CLUB IS UNCERTAIN

PRESIDENT WRIGHT CONFERS WITH MANAGER WRIGLEY BUT NOTHING DEFINITE.

LEAGUE MEETING ON 21ST TO SETTLE IT.

OFFICIALS PEEVED AT READ'S LETHARGY—LONG HAS MANAGERIAL BEE.

"Whether or not Lima is to have professional baseball next season hinges upon a meeting of the Ohio State League in Columbus, on November 21st; if arrangements are made whereby expenses can be cut down and satisfactory co-operation from the state office assured, we may continue our franchise next season."

So mused President Harry Wright of the Lima Club as he returned from Columbus Monday morning following a conference with Manager Zeke Wrigley. Zeke is in charge of a pool and billiard emporium in the Capital City and putting in his winter to advantage.

"We do not care to sink another $8,000 into a season," continued Mr. Wright, "when things in the Columbus office run along in a haphazard manner, and there is no more response from Lima fandom than expressed last season. There is nothing definite on the situation at present."

Lima officials have yet been unable to pry loose the $500.00 in "long green," the remainder of their guarantee, from the league till. No official notice was given Mr. Wright of the circuit conclave in Columbus on the 21st, Secretary Joe Carr merely making mention of the fact at the Capital City, yesterday. President Wright spent two hours with Manager Wrigley Sunday but announced today that no conclusion had been reached.

"Chic" Long and Ray Clarke breezed in Saturday evening and spent Sunday in Lima. Clarke returned to Continental this morning to resume his run as express messenger on the Clover Leaf line. The third baseman will spend the remainder of the week in Lima.

"Chic" has a managerial bee buzzing in his bonnet and would like to pilot the team next season. He has not broached the matter to President Wright. During the winter he has been working at his trade of tool making at his home in the Gem City.

QUIT CALOMEL

Thousands Are Turning from This Dangerous Drug.

A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. They oil the bowels, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities. 10c and 25c per box.

ADA

STUDENTS MUST SUFFER IF THEY MISBEHAVE HERE.

MAYOR SHOOK SAYS ITS NO WALLOWING PLACE FOR THEM.

"Ada students who select Lima as the hog-wallow for their jamborees, must suffer the consequences of the law, declared Mayor Shook Monday morning as he sentenced T. R. Frey, a student at Ohio Northern college to pay a fine of $1.00 and costs following his plea of guilty to a drunkenness charge. "You can't paint up the city of Lima as you do Ada," concluded the mayor.

Frey was arrested at 2 o'clock Sunday afternoon by police when they found him staggering about the streets of the city. He furnished bond for his appearance in municipal court Monday morning and was released. In company with an attorney, he appeared this morning and paid his fine. Although claiming to be twenty-one years of age, Frey appeared to be hardly more than eighteen, and Mayor Shook subjected him to a severe lecture for his debauch.

Three students have been arrested in Lima during the past week for drunkenness. One "rah rah" lad forfeited his bond Saturday morning rather than appear in municipal court. College authorities may be notified of the depredations and put an end to the week-end "jamborees" of the studes.

VAN WERT ELKS IN MINSTRELSY

DR. REID'S "BOYS" TO GIVE A PERFORMANCE THURSDAY AND FRIDAY

The Elks of Van Wert Lodge are holding rehearsals for a first class minstrel performance which will be given two nights this week in the opera house of that city. The show is being rehearsed under the direction of C. C. Cleveland, of this city and gives promise of being one of the best amateur talent entertainments ever given in the neighboring city. Van Wert has long been noted for its excellent voices and the Elks of that city have quite a number of them in their lodge. Exalted Ruler, E. C. Bailey, will officiate in the role of interlocutor.

Messrs. Cleveland, Lester Schnitzer, E. C. Eppley, Harry Croy, H. J. Lawlor and Lloyd Applas, of this city, will take part in the performances which will be given Thursday and Friday evenings and a number of other members of Lima lodge will attend.

LYRIC THEATRE

Starting tonight at the Lyric theatre at 8:15 the Barrett Players will offer for the first time in Lima at popular prices, Charles Klein's greatest play, "The Third Degree" one of the strongest dramas ever written. It is a play that appeals to all. The story holds all in rapt attention. While the royalty for producing this play is very high, there will be no advance in the prices of admission. If you have never seen "The Third Degree" you will find enjoyment in taking your friends. Order seats early and be assured a good seat as the theatre will no doubt be filled at every performance. Lyric box office open all day, every day after 9 a. m. Special matinee, Tuesday afternoon November 19th at 2:30.

HOGAN

HOLDS JUSTICE OF PEACE OFFICE NOT ABOLISHED

PROPOSES TO TAKE NO ACTION REGARDING AN EARLY TEST CASE

Columbus, O., Nov. 18.—In an opinion forwarded to the State Bureau of Accounting Monday, Attorney-General Timothy S. Hogan holds that Jusitces of the Peace are not abolished by the provisions of the constitutional amendments dopted by the people and which went into effect January 1. He is so confident that he is right that he proposes to take no action to have an early test case of the question and if vigorously will defend his ruling if it is attacked.

The subject has been one of which there has been great controversy for nearly six months, and Mr. Hogan admits that it has given him more trouble than any of the 1,600 opinions he has written since he has held the office. His formal opinion absolutely discredits Columbus dispatches of recent date that the Attorney-General was of opinion that the Justices are abolished, but he makes it clear that he stood single-handed on his position against the counsel in his own office.

If any test case is made it will be by those who insist that the Justices are abolished. In his opinion the Attorney-General cites the differences between the leading lawyers of the state and states that even those who reach the same conclusion do it by different lines of thought, and therefore, have some difference of opinion.

"TELEPHONE PENSIONS."

There is high practical wisdom in the plan decided upon by the American Telephone and Telegraph company to set aside $10,000,000 to inaugurate a fund making provision for sick benefits, accident benefits and retirement pensions for the 175,000 employes of this great corporation and its subsidiaries, including the Western Union Telegraph company These employes are largely women and not too well paid The payroll amounts to $115,000,000 a year. No assessments are contemplated by the pension system. A man voluntarily retiring at the age of sixty, after twenty years in the service, would get twenty times 1 per cent of his average pay for the ten years preceding retirement. If that average were $1,000 a year, he would be paid after retirement $200 a year by the working out of the plan. But the company makes $240 a year minimum. Everyone who is retired at all will get that or more Absolute starvation or absolute dependence in old age is thus made impossible. Women are retired five years younger than men after the same term of service For accidents full pay of thirteen weeks, and half pay for actual disability period up to six years, seems a liberal provision. In cases of sickness those who have been ten years in the service have full pay for thirty-nine weeks The plan for other employes is reasonable but not so generous.

The Bell system is a great "trust" in the common acceptation of the term. It is a public service trust, and more readily interfered with by legislation or executive process than any industrial trust. This pension policy will create just 175,000 active and well-scattered opponents of such interference, besides impressing the public with a notion that the company means to be fair to everybody. Hence it is that the highest practical wisdom goes hand in hand with the truest sort of philanthropy.

THE NOISELESS AGE.

Now comes young Hiram Maxim with an announcement that he has devised a successful silencer for motor-boats and expects to devise one for noisy cars. It certainly leads us to hope that the time is now near at hand when civilization will not be altogether a thing of noise.

We have carried war implements far enough—so far, in fact, that a world-wide war would be nearly destructive of civilization itself if waged with anything like old-time ferocity. We have also mastered problems of transportation, manufacture and building fairly well But with each new invention, with each new addition to our mechanical force we have noises larger in quantity and more hideous in quality than ever.

The motor-cycle the motor-boat, the motor-car and the automobile have each and all added new terrors to the uproar of the street. If the younger Maxim can put a stop to them he will deserve better of his countrymen than any inventor of his age.

NERVE.

Little Montenegro has just the population of Idaho, less than half the area of New Jersey, only seventeen miles of railway, no coinage, no banks, no money to put in a bank and very little resources to speak of

But her fighting King is the only one to call Austria's ultimatum "null and non-existent," and to reject her suggestion that the two serb Kingdoms shall not occupy a part of the globe which she, powerful country as Austria claims to be, is desirous of

It is nerve on Montenegro's part. And nerve in this case was all that was needed to call the bluff of a nation that boasts of millions in population, thousands of miles of railways and a land and sea force Nerve is about all that's needed to call most any bluff.

Columbus is to have a new 400 room hotel. Considering the number of visitors Governor Cox will have about the time he goes to dishing out the pie we would be constrained to believe Columbus will need a hotel about that big.

Since Edwin Blank has been kind enough to look after the Service Director's affairs the general public is wondering if it isn't his heart that's big instead of his head. It may require a jury of alienists yet.

We have no positive evidence that the Standard Oil company controls the natural gas supply. But whoever furnishes it is, as the old woman said when she wanted to emphasize her remarks, is making a damned bad job of it.

Why not have the Bureau of Vital Statistics tell us at the end of the season how many hunters shot the dog instead of the rabbit?

Maybe after all Edwin Blank thought by writing the meter manufacturers that they would send him one for nothing

---

And there is still another problem we have been unable to solve Why don't they run sleepers on the D. T. & I?

It begins to look as though we are going to get our consignment of Turkish immigrants earlier than we had expected.

Our old friend Abe Martin says a neighbor of his has burned all his photographs for fear he will some day become famous.

TRUSKETT FREED BY KANSAS JURY IN MURDER CASE

SLAYER OF JOHN D. S. NEELY ESCAPES PENALTY ON INSANITY PLEA.

VERDICT WAS RETURNED LATE SATURDAY NIGHT.

FOURTH TRIAL OF THE CASE LASTED ONE WEEK AT INDEPENDENCE.

Telegrams received from Independence, Kansas, Sunday morning announced that the jury in the fourth trial of Al Truskett, charged with the murder of John D. S. Neely, prominent natural gas magnate of this city, had returned a verdict acquitting the aged prisoner of the charge of murder in the first degee.

The information from Independence indicates that Truskett will escape the penalty of his crime on an insanity plea, the jury in the last trial holding that he was insane at the time of the murder.

In the first trial of the Truskett case the prisoner was found guilty of second degree murder but the supreme court of the state of Kansas found that Judge Vannelly had erred in permitting the introduction of certain evidence in the case and the court granted the defendant a new trial. Both second and third trials of the case were held at Independence and in each the jury disagreed. The fourth trial was begun last Monday and the jury's verdict was returned late Saturday night.

The murder of Mr. Neely occurred at Caney, Kansas, nearly two years ago, when Truskett followed the prominent Lima man out of the Palace hotel and shot him dead, a bullet from Truskett's revolver penetrating the victim's heart. The only grievance Truskett is known to have against Mr. Neely was that he was president of the Wichita Natural Gas Co., which had been victorious over the Caney man in litigation over the possession of a lease which had been given by a young Indian. The property afterwards proved to be practically worthless so far as being a gas producer was concerned.

Immediately after the shooting occurred, Truskett's friends pleaded self defense but were unable to substantiate this claim and then resorted to the insanity plea, claiming that the defendant was temporarily insane over the loss of the lease.

An effort will now be made by the prosecution, which is being assisted by Attorney Stanford, on behalf of the Wichita Gas company, to have Truskett sent to an asylum for the criminal insane. He is now in the custody of the sheriff at Independence.

PEOPLE SHOULD GUARD AGAINST APPENDICITIS

Lima people who have stomach and bowel trouble should guard against appendicitis by taking simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, a German remedy which became famous by curing appendicitis. BILIOUS, HEADACHY, DIZZY OR CONSTIPATED "CASCARETS"

Sick headaches! Always trace them to lazy liver, decayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache.

Cascarets remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headache need not suffer, for they can be quickly cured by Cascarets. One taken tonight will straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel bright and cheerful for months. Children need Cascarets too—they love them because they taste good and never gripe or sicken.

POLICE NEWS

Despite his ejectment from a traction car Sunday afternoon for using foul language and his subsequent arrest by police after he was found in an intoxicated condition at Wayne and Main streets, a man giving his name as J. Murphy summoned a lawyer and debated with the mayor Monday morning when called upon to face a drunk charge. After an hour's deliberation, Murphy confessed that he might have been "feeling good" and upon this possibility entered a plea of guilty. He got $1.00 and costs.

Senator William Sutton inaugurated his mayorality boom with a big spree, Saturday afternoon and evening. Announcing to his friends and pedestrians along the main street of the city that he would enter the mayorality race in 1913 as an opponent to Mayor Shook, Sutton who once held a seat in the state senate, was arrested by police for being drunk. He pleaded guilty and got the customary $5 and costs for repeaters.

Mayor Shook meted out the usual punishment to offenders, Monday morning. Jacob Flatch, William Mooney, Charles Cunningham, Willard Smith and John Simmons each got $1.00 and costs for first appearance. Simmons each got $1.00 and costs for first appearance. Simmons was drunk and disorderly on the public square and using foul language when Patrolman Cole arrested him. Leslie Glover, playing a "return," heard "$5.00 and costs" when he pleaded guilty to drunkenness.

MEN AND MATTERS

Dr. T. R. Terwilleger returned from New York last night where he attended the Clinical Congress of Surgeons of North America. Many surgeons from foreign countries were present to engage in the very interesting discussions and to perform many surgical operations at the various hospitals throughout the city.

Miss Sadie Braunstein, of Bellefontaine, O., is here visiting Miss Hannah Levy, of 329 north Elizabeth street.

Mr. Herman Susong, of San Jose, Cal., who spent the week-end with friends in this city, left Sunday evening, for a trip to Buffalo, the Niagara Falls and New York City, from whence he travels to Knoxville Tenn., to spend several weeks at the home of his parents.

POULTRY CLASS

At Y. M. C. A. Will Be Opened By O. S. U. Professor

Prof. P. S. Jacoby of Ohio State University, Columbus, will open the Y. M. C. A. course in poultry, Wednesday evening with an address upon "The Possibilities of Poultry Raising."

This unique and somewhat commonpalce study will be undertaken by a score or more of Lima chicken fanciers this winter. The course is to be under the personal supervision of Prof. Jacoby, one of the most able poultry experts of the country. Lectures will be given each week. The course is designed to instruct amateur chicken raisers so as to accomplish better results. It is given under the supervision of the Lima Poultry Fanciers' Association.

HORSE THIEF

Wanted At Kenton May Be Headed In This Direction

Chief Vermillion, Monday, was asked to be on the outlook for a professional horse thief who made two successful getaways at Kenton Saturday evening and early Monday morning. A liveryman was robbed in both cases. According to advices from the Hardin county capital, the fellow hired a livery rig Saturday evening, drove off with it, returned Sunday evening and engaged an outfit from another liveryman. He then vamoosed. Patrolmen were instructed to be on the lookout.

GAS PRESSURE SHOWS SLIGHT IMPROVEMENT

MGR. CUTSHALL WILL CONFER WITH OFFICIALS REGARDING RELIEF.

With the natural gas pressure showing signs of improvement following the advent of warmer weather, much of the suffering experienced Friday and Saturday and alleviated somewhat Sunday was relieved Monday morning.

Manager Frank H. Cutshall, of the Lima Natural Gas company, went to Coldwater, Ohio, Monday morning to confer with officials of the oild fields of that section relative, it is believed, to relieving the local situation. He will return this evening.

The warm weather of today proved a God-send to both gas company officials and consumers. The pressure was fair during the morning and improved at noon until indicators registered almost at normal. Storage tanks were used Monday morning, a supply having been stored Sunday night during the off-periods of consumption.

Only the respite from business and factory consumption, all day Sunday, enabled the supply to continue throughout the day. Pressure from the fields in Medina and Ashland county has shown no increase since Friday evening when first indications of a gas famine were noted. It is quite probably, however, that the opening of a new well in Medina county Tuesday may improve the service.

"There is slight improvement in the situation," said Mr. Cutshall Monday morning as he left for Coldwater. "We held high hopes, however, of a normal pressure with the opening of the new wells in the fields. As long as the moderate weather continues, Lima consumers need fear no suffering from low pressure, but with the advent of cold weather there is a greater demand for the fuel which consequently necessitates a downward fluctuation in the pressure."

Aldermen Monday morning visited Mr. Cutshall at his office on west Market street in an effort to ascertain the extent of the prevailing famine. As state in Sunday's issue of the Daily News, however, a loop hole yawns in the city ordinance regulating the gas supply which immunes the company from criticism or legal action when there is trouble in the fields.

PASTOR DEMPSTER ACCEPTS THE CALL

WILL TAKE CHARGE OF FIRST PRESBYTERIAN AT URBANA ON JAN. 1.

The Rev. W. J. Dempster, pastor of Olivet Presbyterian church, who recently received a call from the congregation of the First Presbyterian church at Urbana, Ohio, formally notified the people of his local congregation Sunday that he had decided to accept the call, which, he state, has been most persistent and enticing.

Dr. Dempster has given the people of Olivet church the earliest possible notice of his contemplated change, in order that a new pastor may be secured before he departs. He will sever his connection with the local charge the last of this year and will assume the duties of his new charge about the first of January. He has been impressed by the congregation of the Urbana church and expects to be well pleased with his new home and new duties. He will leave the Lima congregation in good condition to receive a new pastor, the membership and financial condition of the local church having been improved to a great extent during his incumbency. Sunday the attendance at the Sunday school exercises numbered 342, where the enrollment was only 71 at the time of his coming to Lima.

MARKETS

WHEAT STARTS A FRACTION UP

IS AGAIN UNDER INFLUENCE OF BAD REPORTS FROM LIVERPOOL.

Chicago, Nov. 18.—Wheat started a fraction up for the week, both crops gaining and holding an eighth higher than Saturday's close. Corn held fairly steady and oats took a jump of almost a cent. Wheat is held back by excitement in Liverpool and the reports from Argentine of bad weather. If the rains in north Argentine pass to the south the market will ease down. Western corn is not yet moving as rapidly as anticipated last week. May corn will hug the 45c mark for awhile. Oats are unusually firm and much may be expected of this crop. The general close Monday showed

LOCAL J. P'S

HAVE SUSPENSE RELIEVED BY DECISION OF ATTORNEY-GENERAL

Suspense of local peace justices was relieved Monday morning by the opinion of Attorney General Timothy S. Hogan that the office of justice of the peace is not abolished by the new constitutional amendment. Lima squires, Messrs B. Harley Holmes and E. E. Everett have three years of their terms to serve, and the abolishment of the offices would have effected them materially.

Justice Everett announced Monday that he would fight any attempt made to "oust" him from office upon the grounds that his term did not expire until January 1st, 1916, coupled with the fact that it was not the sense of the constitutional convention to abolish the office as is attested by a resolution to that effect.

LOTTERY SCHEMES

Cut But Little Figure In Civil Suits In This Country

Lottery schemes cut little figure in a civil suit Monday morning. Justice Holmes dismissed an action brought by the Burd Manufacturing company of Chicago, against E. E. Shaffer, a telegraph operator to recover $13.26 alleged to be due the corporation for jewelry won in a lottery.

According to Shaffer's testimony, his wife answered an advertisement and secured several pieces of "phony" jewelry by lottery.

STOCKS START A STEADY WEEK

NO POSITIVE ADVANCE, HOWEVER, IS LOOKED FOR AT PRESENT TIME.

(By United Press)

New York, Nov. 18.—Opening weak, the stock market steadied somewhat during the first fifteen minutes. By 11 o'clock the market was dull with governments unchanged and other bonds holding quietly, all continued dull throughout the afternoon and the close was somewhat weak.

Conditions at the moment favor continued fluctuations in securities but no very positive advance in view of the above circumstances. The decision of the arbitration board regarding the wages of railroad engineers will be shortly announced. This may have an important bearing. If important concessions are made without permitting the railroads to recoup themselves by better rates the effect would be detrimental to railroad shares. A few of the industrials will also be certainly affected by tariff revision. Our steel trade continues abnormally active.

GREAT MEETING TO GIVE GOOD ROADS A BOOST

Will Open Wednesday in The City of Richmond, Va.

TWENTY-THREE STATES WILL HAVE DELEGATES PRESENT AT CONGRESS

AUTO MANUFACTURERS DDEEPLY INTERESTED

IMPORTANT ADDRESSES TO BE MADE BY NUMBER OF EXPERTS

Richmond, Va., What promises to one of the most important and interesting conferences of the closing year of 1912 is the first annual road congress of the American Association for Highway Improvement, which opens here on Wednesday the 20th of this month and continues to the 24th

The American Association for Highway Improvement is a federation which includes many of the road associations in United States and Canada. There are twenty-three states and interstate associations in this country now affiliated with the American Association, all of which will take part in the convention here.

One of the big features of the convention will be the attendance of a large number of automobilists who have just completed an extended tour throughout the country under the auspices of the Touring Club.

In addition to the regular session there will be meetings of highway engineers, legislators and manufacturers of road machinery.

The latter have fitted up a hall in which there will be on exhibition all the latest machinery that is used for the making of roads. There will ,of course, be other features in the exhibition hall, some of which will illustrate the work which is being done in various parts of the world, and exhibits of some of the notable roadways of America.

A number of prominent speakers will address the congress. Among these are General T. Coleman Du Pont, who is supplying most of the funds for the construction of a $2,000,000 boulevard across the state of Delaware, and which promises to be one of the finest roadways in America.

An address will be made by Congressman J. Hampton Moore, of Pennsylvania, who was recently made a director of the American Association of Highway Improvement. Mr. Moore has always been known for his enthusiasm for inland waterways and harbors but he now regards overland roads as a more important issue and has transferred most of his energy to the latter cause.

Other important speeches will be made by Logan Waller Page, Director of the government office of Pueblo Roads, Senators Swanson and Martin, of Virginia; Dr. Walter Page, editor and publisher, W. W. Finley, President of the Southern Railway Company; B. F. Yoakum, Chairman of the Frisco Lines; W. C. Brown, President of the New York Central; Harold Parker, Chairman of the Massachusetts State Highway Commission, and many of the best highway engineers of America.

The City of Richmond is now raising funds for the completion of a macadamized road from Washington to the North Carolina line, which, when completed, will be one of the finest boulevards in the country.

But perhaps the most inspiring theme that will come before the Congress is the "Coast to Coast Highway."

This is by far the most important road movement that has ever been put on foot in this country and it will doubtless receive a great impetus at the coming Congress.

"KINDERGARTEN KID" IS LAWYER

Miss Sophia Kelan

New York.—Miss Sophia Kelan, who was one of most popular girls in New York University, is now a lawyer, reading and willing to take off her hat, which is the feminine equivalent for taking off one's coat, and fight before the courts of the city and state. Unassisted by the members of her family his plucky young girl won a diploma and a place at the bar. She worked as a book-keeper by day so as to enable her to continue her studies at night. When she first entered the night law school she was in short skirts, and the other students dubbed her the "kindergarten kid." Miss Kelan is anxious to begin the practise of her profession at once. And now that she has thus far succeeded new friends have volunteered to give her every aid possible in launching her on a most successful career.

A WELL-KNOWN EDITOR'S OPINION ON THE CHICAGO STOCK SHOW.

Mr. W. R. Goodwin. managing editor of the Breeders' Gazette, Chicago, in speaking of the International Live Stock Exposition. which will this year be held from Nov. 30th to Dec. 7th said:

"I have seen more of the great stock shows and fairs in America in the past thirty years than any other man, and I ought to be somewhat case-hardened; but the "International" annually fills me with awe. I approach each exhibition of the consummate triumph of the breeder's art with a fairly reverent mind. A man may become indifferent to the roar of Niagara, but I do not see how any man can fail to find new instruction and inspiration in each of these shows. If I were wholly a stock farmer, as I am partly. I would sacrifice much rather than miss an annual trip to the "International." The professional breeders may about as well take down his sign as omit this show from his year's programme, and the stock farmer can gather almost as much of value from a study of its lessons. We must have meat to eat. The jaw of the civilized world rises and falls in the mastication of meat. The farmer of America—chiefly the farmer of the corn belt—must make this meat. He can learn more about its production at this great exposition than at any farmer's institute or special stock train that ever offered information. The stock farmer who works his brain as well as his body can make no more profitable investment than a study of the exhibits of the "International"—the cattle, horses, sheep and swine. The farmers of no other nation have such opportunities. There is only one "Interantional" on the globe. American stock farmers have built it. Their fellows should appreciate its lessons and learn them."

CITY COUNCIL EXPECTED TO DISCUSS ED. BLANK'S "BUTTING IN" TENDENCIES

Member of that Body Secures Copy of Letter He Wrote Meter Manufacturers—Has Again Blindly Over-stepped Authority

HERE'S BLANK'S LETTER OVER HARMAN'S HEAD.

Lima, O., Nov. 11, 1912.
Union Water Meter Co.,
Worcester, Mass.
Gentlemen:—
Will you please quote prices on Union Rotary, Columbia and King Disk water meters, in lots of one thousand or more
Let me hear from you as soon as possible.
Yours Truly,
Edwin Blank,
Director of Public Safety,
Lima, O.

The above is a copy of the letter purporting to have been sent by mayor Shooks director of public safety, Edwin Blank, to the Union Meter Company, mention of which was made in the News Sunday morning and which is supposed to have been sent by Mr. Blank in an effort to find some flaw in the contract made by director of service Frank E. Harman with the water meter company for water meters for Lima, by which the safety director might be able to discredit the administration of Mr. Harman.

Director Harman and his friends are very much exercised over the discovery of safety director Blank's operations which are taken to mean that the safety director had some ulterior purpose in sending for the quotations asked for in his letter. He has no jurisdiction in the department of which Mr. Harman is the official head but, since he has been headed off by attorney general Hogan in his efforts to run the police department over the head of department chief Vermillion, he seems to have felt that he must find some place to meddle with other people's affairs. He perhaps believed that in the event of his being unable to discredit service director Harman, that official would be none the wiser, but the officers of the Union Meter Company, having made their Lima contract with the proper department; the service and not the safety department, an alleged copy of the letter was immediately forwarded by the company to Mr. Harman.

DIDN'T WANT NOTORIETY.

Service director Harman, not desiring to stir up an additional muddle in the present administration, of which he is an official part, made no complaint about the "butting-in" of the safety director into the affairs of his department, and Saturday night, when he was seen by a representative of the News with reference to the Blank letter, he not only requested that the matter be given no publicity whatever, but also declined to give up his copy of safety director Blank's letter. The matter reached the ears of members of the city council however, and Monday, a copy of the letter was obtained by a member of the city legislative body. Mr. Harman objects to having any notoriety over the controversy and would have preferred that the matter be kept a secret, but other officials and citizens who are interested with him in the welfare of Lima insisted on giving the matter publicity.

The city council will probably discuss the natural gas situation at the Monday evening meeting but there is as yet no assurance that the more interesting topic of the Blank effort to discredit the service director will be discussed at the session. The fact that mayor Shook and his man Friday, (Blank) have opposed the water works bond issue, by which director Harman and the council will provide South Lima with water fire protection and the great manufacturing industries of the south side with an adequate water supply, has already indicated to the council and the public that Shook and Blank are opposing director Harman's efforts to "make good" with the city and its people, for whom he has always been a 33rd degree booster.

Should any action be taken by the city council at the Monday night session it will be impromptu, as so far, as least, the members of that body, together with Mr. Harman, have decided to treat the Blank matter with contempt; to ignore it, in other words.

LORIMER IS BETTER

Chicago, Nov. 18.—William Lorimer was much improved today following an operation at Presbyterian hospital for appendicitis.

CLAIM HE RUNS A WINE ROOM

An affidavit charging J. A. Welsh proprietor of a saloon at 328 north Main street, with running a wine room in connection with his drink emporium, was prepared in Mayor Shook's office early Monday morning as the aftermath of a raid conducted on Welsh's saloon, "The Owl" at 8:30 o'clock Saturday evening. The saloon was ordered in, but attaches of his place apprised city officials that he was away on a hunting trip. He will be arraigned upon his return.

Plainclothesmen McCoy and Stewart visited the Welsh saloon Saturday evening and raided a rear room. The door leading into the apartment was locked, but was opened by Welsh at the officers request. Three men and a trio of women were sitting at a table drinking, according to police officers. Richard Davis, 40, a C. H. & D. employe, Mrs. Mary Troxell, Mrs. Cora Redman and Fanny Mechling were accompanied to headquarters where Chief Vermillion questioned them. They were later released. No charge will be held against them polic merely obtaining their names as witnesses in the case against Welsh.

LIVERY OUTFITS

Stolen From Kenton are Reported To Lima Police.

Kenton authorities Monday afternoon enlisted the aid of local police in a search throughout Lima for the thief who stole two livery outfits from the Hardin county capital Saturday and Sunday. Police believe the fellow was headed toward this city and later in the afternoon were furnished with the information that the fugitive is a Lima man and believed to be in this city.

Two liverymen in Kenton were defrauded by the fellow who engaged horses and rigs and disappeared with them.

STRAWBRIDGE IS BIG DRAWING CARD

C. E. Stradbridge, well known local mail carrier, added to his laurels as an evangelist Sunday when he addressed two audiences at Cridersville. Mr. Strawbridge spoke to a packed house Sunday afternoon and was prevailed upon to remain over and speak again in the evening. This he did and addressed a crowd that filled every available foot of floor space while the evening being pleasant, many listened from the doors and windows of the edifice.

Mr. Strawbridge has developed into a forceful speaker and his services are becoming more and mor in demand in this secton of the state and his good work growing os rapidly as his ability to entertain and help humanity becomes recognized.

DEATH CALLS LIMA PIONEER

MRS. FRANCES GORTON PASSES AWAY AT HOME OF DAUGHTER.

Mrs. Frances L. Gorton, eighty-six years of age, and one of Lima's best known residents and pioneers, died at the home of her daughter, Mrs. George Myers at Hartwell, near Cincinnati at 1:30 o'clock Monday morning. News of her death was received with a thrill of horror in this city Monday when a telegram announcing her sudden death was received at the home of her daughter, Mrs. E. C. Mackenzie, 834 west Market street. She had been a lifelong resident of Lima.

Mrs. Gorton was seized with a sudden attack of pneumonia several days ago, but not until Sunday did relatives realize the seriousness of her illness. She died suddenly at 1:30 this morning, infirmities of advanced age superinducing the inevitable.

Four weeks ago, Mrs. Gorton left the home of Mrs. Mackenzie in this city to make her home with her other daughter, Mrs. George Myers at Hartwell. Less than two weeks ago she was a guest of honor at a party given at the Mackenzie home on west Market street. News of her unexpected death will be received with general regret.

Hr husband W. B. Gortdn, one of Lima's former business men, preceded her to the great beyond several years ago, his death occurring in this city.

Funeral arrangements are not complete but will quite likely take place from the Mackenzie home on Wednesday morning. The body will be brought to this city some time tomorrow.

TYPHOID FEVER CLAIMS VICTIM

IRVIN PELTIER DIES AT LIMA HOSPITAL FROM THE DISEASE.

Irvin E. Peltier, 31, of 377 west Murphy street, died at the Lima hospital at 3 o'clock Sunday afternoon his death resulting from typhoid fever, from which he had been a patient for one week.

The remains were removed to the Whitley morgue from the hospital and were later removed to the home of the deceased's father-in-law, at 428 north Washington street. Wednesday morning, leaving here at 8:30 o'clock, the remains will be taken to the home of the deceased's father, at Scott's Crossing, where the funeral will be held. Interment will be made in the Walnut Grove cemetery. Surviving the death of Mr. Peltier are the deceased's wife and two small children.

POLICE CATCH HORSE THIEF IN THIS CITY

CHIEF LANDS BADLY WANTED PRISONER ON SOUTH SIDE LATE MONDAY.

After an exciting chase, Chief Vermillion landed James Tuttle, a local character at the livery barns of Edward Williams on south Main street at 2:30 o'clock, Monday afternoon, following an attempt by Tuttle to dispose of a horse and buggy stolen from a Kenton liveryman early Monday morning. Tuttle is a Lima man. Only recently, he was released from the Mansfield reformatory where he served time for robbing an Italian on the south side several months ago.

Kenton officials enlisted police aid Monday morning in locating Tuttle who was supposed to be headed this way. At noon Chief Vermillion got "wind" to the fact that Tuttle was in Lima. Assisted by Plainclothesmen Waters and Reed, the chief scoured the south side and at 2:30 o'clock located the man at the Williams barns where he tried to sell the stolen outfit. Tuttle was locked in the city prison and will be arrigned Tuesday morning.

5 SALOON MEN CAPTURED IN A SUNDAY RAID

A squad of blue coats and plainclothesmen rounded up five saloonists on a charge of Sunday selling and a violation of the "open house" ordinance, eysterday afternoon, acting upon orders from Chief Marion Vermillion.

Those caught in the Sabbath drafnet were Jerome Shine, bartender at "The Turf" on north Main street; Louis Geiger, proprietor of the Sieber House at 970 south Main street; Charles Sullivan, barkeeper for Ell Brentlinger on east Wayne street; E. V. Lory, of Lory and Moore, north Main street and J. A. Welsh at 328 north Main street, charged with running a wine room.

Plainclothesmen visited the Lory and Moore establishment some time Sunday afternoon and claim to have seen patrons emerging from the dispensary. A charge of open house will confront E. V. Lory, partner of the firm.

Early Sunday evening, the plainclothes squad increased by patrolman made a wide spread investigation. According to Mayor Shook, the "Turf" saloon, the Geiger and Brentlinger places were entered by the officers who purchased liquor as the "goods" on the saloonists. Only plainclothesmen entered the liquor shops, the blue coats remaining outside on guard.

Sullivan was the first of the victims to appear Monday morning. After he heard the charge read, he entered a plea of not guilty. Returning later with Attorney John Kiatte, however, he changed his plea and was fined $100.00 for Sunday selling. Costs of the case were remitted for his prompt settlement.

Others caught in the Sabbah crusade will be arraigned late today or early Tuesday morning. Police have been issued orders to keep a close watch upon all saloonists in the future as Mayor Shook has determined to put a stop to all Sabbath violations.

SIGNOR MOSCHINI IS NOT UNDER ARREST

Rome, Nov. 18.—The police today denied the arrest of Signora Vittoria Moschini, formerly Miss Lulu Davis, of Austin, Texas, reported to have been made Saturday night on information furnished by her husband, Deputy Moschini of the Italian parliament. Instead of being arrested, the police said, Signora Moschini has mysteriously disappeared.

Signor Vinai, the lawyer who, when Deputy Moschini tried to secure an annulment of his marriage last spring prevailed on the court to grant a separation order instead with $200 monthly allmony to the wife, confessed himself baffled by inability to find his client. He had expected to offer bail for her.

DIED AT INFIRMARY.

Lincoln Davis, 51, died at the County Infirmary at 4 o'clock Sunday afternoon, from dropsy, after a long illness. The funeral arrangements have not yet been announced, there being a number of relatives living away from Lima who are to be heard from.

Truskett Will Go To Insane Asylum For Neely Murder

A telegram received from Independence, Kas., Monday afternoon, by Fred Neely, son of the late John D. S. Neely who was murdered at Caney, Kas., nearly two years ago, announces that Al Truskett, slayer of the elder Mr. Neely, who was tried a t Independence, Kas., last week, will be sent to an insane ward in the Kansas state penientiary.

As announced in another column of this paper, the jury in the fourth trial of the Truskett case at Independence, Kas., late Saturday night, returned a verdict of not guilty as to murder in the first degree, but found that Truskett was insane at the time of the crime, hence sentence to the insane ward of the state prison.

The friends of the victim of Truskett's murderous bullet and the members of the Neely family feel that the murderer, in being sent to the insane ward of the penitentiary will be given a great measure of the punishment believed to be due him for his crime. In the state of Kansas there is no capital punishment law and as commitment to the insane ward is practically a life sentence, they fell that the laws of the state have been upheld.

THANKSGIVING SERVICE HERE

WILL BE A UNION AFFAIR AND HELD AT THREE CHURCHES

Union Thanksgiving services will be held at three churches in Lima on Thanksgiving Day, November 28th according to arrangements made at the regular fortnightly meeting of the Pastors' Union at the Y. M. C. A building Monday morning. Services will hold at the Trinity Methodist church with Rev. Thomas Knox, of the Market Street Presbyterian church as speaker!; at the Olivet Presbyterian church with the Rev. M. B. Fuller as speaker, and at the Colored Baptist church for Lima's colored population. Collections taken on Thanksgiving Day are to be turned over to the city hospital fund.

Rev. J. B. Bovey, pastor of the United Brathren church read a paper at Monday morning's gathering entitled: "The Roman Empire in the Time of Christ." Secretary Frank Eberhart, of the Y. M. C. A. led the devotional services. Boys' Work Director H. S. Farrell, of the association, spoke briefly on the revival of boys' work throughout the city and urged the Union to assist him in his undertaking.

GIDEONS TO PLACE HOTEL BIBLES HERE

First steps toward the placing of a copy of the Bible in the rooms of every hotel in the city of Lima will be put forth in a "Gideon" Sunday in the churches of Lima on the second Sunday in December.

The "Gideons," a band of Christian traveling men who are accomplishing a great good througnout the country, are back of the movement. Several speakers will be in the city on that date and interesting addresses are promised.

Funds are to be raised by subscription to pay for copies of the Holy Writ. A copy is to be placed in every hotel room in the city. The matter was discussed at the Pastors' Union, Monday morning and given a hearty indorsement.

FALSE ALARM

Causes Fire Ladies Run To Reece And Second Avenues

Confusion of telephone alarm with an alarm pulled at Box No. 45 at Reece and Second avenues cost the central fire department an unnecessary run to West and Haller streets at 8:30 o'clock, Monday morning. Simultaneously with an alarm from Box 45 came a still alarm to north West street, from where someone had phoned an alarm. Chief Mack could not learn the identity of the miscreant.

The south side department went on a run to 419 east first street where a defective flue at the home of Archibald Williams was responsible for a small blaze. The fire was put out with chemicals. No damage was entailed.

WEALTHY VISITOR

MRS. JOSEPHINA FARRADA

New York.—Signora Josefina Farrada, the wealthiest woman in Cuba and at one time called the most beautiful in Madrid, is making a short visit here on her way from the Spanish capital to Havana. The Signora is a suffragette and everything else that is modern, but has a deep hatred for paper money, and carries wherever she goes a small iron bound chest, plentifully stocked with gold coins. Upon her arrival the Signora declared she had $30,000 in coins in her chest, but she is staying in New York several days the treasure box will be considerably lighter by the time she departs.

TRY TO BREAK A COAL TRUST

(By United Press)

South Bend, Ind., Nov. 18.—Two thousand five hundred employes of the Studebaker Corporation have organized to fight the high cost of living, and will begin with the co-operative plan of buying coal. The plan was discussed as the result of the continued high prices and a decision to organize was reached almost as soon as the local campaign opened.

Hundreds of handbills were distributed at the factory yesterday, and plans for making the fight against excessive prices were taken up at a mass meeting today. The circulars bear the following invitation:

"Come and bring a friend.

"Learn how to save money; get better coal and be independent of the coal trust by joining the Harman Coal Co."

With the Studebaker employes organized, it is now almost assured that 5,000 men in other large local industries will organize.

"It is believed here that the co-operative plan will spread and that possibly a national organization can be formed among the wage-earners to knock the high cost of living

BREAKS A COLD IN A FEW HOURE-PAPE'S

FIRST DOSE PAPE'S COLD COMPOUND RELIEVES ALL GRIPPE MISERY.

After the very first dose of "Pape's Cold Compound" you distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head chest, back, stomach or limbs.

It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—it contains no quinine—be sure you get what you ask for—accept no substitute—belongs in every home. Tastes nice—acts gently.

GOVERNMENT STARTS A RAID UPON BROKERS

ORGANIZED GANG OF CROOKS HAVE BEEN OPERATING IN MANY CITIES.

(By United Press)

Cincinnati, O., Nov. 18.—Aided by United States District Attorney McPhersons, of Cincinnati, co-operating with the District Attorneys and postoffice inspectors of six cities, the government authorities today planned the arrest leaders of an alleged gang of swindlers alleged to have operated throughout the country for the past three years under the guise of legitimate stock and bond brokers.

They are declared to have mulcted promoters and infant stock corporations out of thousands of dollars, secured through fees and commissions for arranging the guarantee of the securities of their victims by stock and bond insurance companies controlled by themselves.

The arrest of ring leaders was planned today to occur in Cleveland, Buffalo, Rochester, N. Y.; Chicago, New York and Boston. Another arrest was sought in Canada, where one of the gang fled several months ago.

According to District Attorney McPherson, indictments have been returned in Cincinnati, for the arrest of John R. Long, of Cincinnati, to be arrested in Buffalo; F. D. Maynard, Cleveland; J. Gordon Malcolm, now in Canada; George S. Hannaford, of Chicago; Thomas Fishwick, of Boston.

JACK JOHNSON'S ANKLE INJURED

(By United Press)

Chicago, Nov. 18.—Jack Johnson was a prisoner again today. Freed on bail awaiting trial on charges of abduction, plotting the white slave lad and assault and battery, he was confined today in his south Wabash avenue apartment, a wrenched ankle being the cause.

The negro pugilist was attempting to make a Texas broncho submissive to his wishes. The broncho, never having been "broken" objected to Johnson as a rider, and lay down upon the champion's ankle which rested on a Jackson Park bridle path. Johnson will be able to be out again in two or three days.

CANTON TO GET A NEW MAYOR

Canton, O., Nov. 18.—This city is practically certain to have a new mayor tomorrow. Harry S. Shilling replacing A. R. Turnbull, as its chief executive. Mayor Turnbull said today that he will give Shilling the "glad hand" when he enters the city hall tomorrow, and turn his office over to him

Members of the council finance committee today approved Shilling's bond. Council is expected to accept tonight.

Judge Barnum overruled Turnbull's motion for a new trial of Shilling's suit. Turnbull will appeal, but meanwhile Schilling will hold the office. Shilling has promised a law enforcement program.

AGED FARMER NOW WORRIED

Medina, O., Nov. 18.—Christian Steuer was worried today when his trial on the charge of murdering his aged wife at their farm was resumed after three days rest. He called for a barber today.

"I want to look as good as I can," he said.

The defense with the testimony of ex-county prosecutor W. H. McClure who testified that Steuer had feared poison plots against him and his wife.

The prosecution then put on witnesses to rebut evidence that Mrs. Steuer's body was not in the stable several days before being found there. A witness was also called to testify that Steuer had talked about trying to get into his own name the farm, which he had deeded to his wife, in order to sell it.

New York, Nov. 18.—Hoping to recover the affections of her lost lover, Mary Jarring gave $579 to a fortune teller. The swain married another and the fortune teller is held for larceny.

NEGROES CHARGED WITH WHITE SLAVERY

Laporte, Ind., Nov. 18.—Ben Davis and Dick Johnson, negroes from Chicago and Michigan City were to be given preliminary hearings on charges of violating the White slavery act. They were arrested Saturday night in a raid. It was charged that they brought white girls here from Michigan and Illinois.

EIGHTH WEEK OF DYNAMITING TRIAL STARTS

Indianapolis, Ind., Nov. 18.—Oscar Lawlor and A. L. Veitch, who as United States and County attorneys, respectively, were concerned with the investigation of the Los Angeles Times explosion and subsequent prosecution of the McNamaras were expected to be witnesses today in the dynamite conspiracy case.

The district attorney had on hand about 25 witnesses from the Pacific coast who were expected to present to the jury a word picture of the Times horror, the painting of which was begun just before adjournment Saturday.

The eighth week of the long drawn out trial promised not to advance the case a great deal. Most of the witnesses scheduled to testify were merely to verify and corroborat that part of Ortie E. McManigal's recital already before the jury. It was improbable that the confessed dynamiter would resume his interrupted testimony before the last of the week.

AVIATOR MAKING MANY NEW RECORDS

St. Louis, Nov. 18.—Tony Jannus, in his hydro-aeroplane, made the 36 miles from St. Charles to St. Louis in two easy jumps. He now has covered 771 miles of the distance from Omaha to New Orleans, and his actual flying time has been an even 14 hours.

The aviator left St. Charles this morning and flew the 14 miles to Alton, Ill., in 15 minutes. At 5:40 o'clock this afternoon he departed from Alton and in 20 minutes had made the 22 miles to St. Louis.

Jannus will remain in St. Louis until Thursday, when he will resume his journey, his next objective point being Cape Girardeau, 20 miles down the river.

DISSOLUTION IS GREAT MONEY MAKER

New York, Nov. 18.—"Dissolution" of the Standard Oil trust has been a great money-making proposition for the security holders, and has made the public pay much more for oil and gasoline. With the dividend just declared, the old parent company, shorn legally of its one-time subsidiaries, has paid in one year 20 per cent. or just half what it did under the old regime, when all profits distributed passed through its treasury.

All the family companies will have paid dividends for the year footing up $52,252,000, or nearly 52 1-2 per cent, to compare with the old 40 per cent.

25 CENT "DANDERINE" FOR FALLING HAIR OR DANDRUFF

Don't pay 50 cents for worthless hair tonics—Use old, reliable, harmless "Danderine"—Get results.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.
